

Established in 1973, **Fluid Power Society of India (FPSI)** is a national body serving the fluid power community (hydraulics, pneumatics, automation) in India for over 47 years. As a non-profit professional body, FPSI aims to disseminate knowledge of fluid power and facilitate interaction among fluid power professionals.

Our services are available to a wide network of 2500+ members including Industrial, Institutional, & Individual members spread across the Indian sub-continent as well as Foreign Industrial members, offering enormous networking & partnership opportunities.

**Our Vision** is to be a dynamic Professional Society striving continuously for excellence in Education, Research and Technological service by facilitating an effective connection between professionals in the field of Fluid Power.

### **Our Activities**

- ✓ International Seminars, Exhibitions, & Conclaves bringing together the best in the industry

- ✓ Regular Technical Webinars, Trainings, & Certification courses designed as per latest innovations and trends in the Fluid Power industry

- ✓ Publications including the 'Fluid Power' quarterly magazine, Fluid Power Directory, Design Handbook, Nomograms, etc.
- ✓ 'Meet The Manufacturer' events are incredibly great opportunities for manufacturers to showcase their products/services directly to potential buyers, materials people, product designers, application specialists, etc.

- ✓ Pascal Award & Fluid Power Professionals Day (FPPD) on June 19 - Every year, FPSI recognises & felicitates eminent personalities in the industrial sector as well as academics who have contributed immensely to the growth of fluid power in India, with the prestigious Pascal Award on the Fluid Power Professionals Day (FPPD) on June 19 every year.
- ✓ Our Regional Chapters and Student Chapters in colleges across India help to further the vision of the society.
