Need for Factory Expo

- No such dedicated event in India on Industrial/Factory Infrastructure Needs
- Large scope across sectors in identifying potential suppliers/vendors
- One platform for all size players including SME and MSME to promote their products and build further network - One stop solution for Factory Needs
- Companies need to upgrade/modernise their factories
- As the economy opens up after the pandemic crisis, there would be a good demand for suppliers for manufacturing facilities
- There are sector specific events which focuses only on specific products & services, technology and innovations hence for factory needs one has to visit multiple events for solutions. In short searching for one solutions you tend to visit multiple shows but we want to create one dedicated show to provide multiple solutions

Objectives

- The objective of the event is to provide a single platform for various products, services and solutions for the factory setup
- Work towards the betterment of Environment & Health through Green Factories
- Growth opportunities in Industrial Infrastructure Segment
- Bridge the Gap between the Manufacturers – Contractors – Consultant – EPC companies – Industrial Infrastructure Developers – Suppliers – Solution Providers
- IoT playing an important role towards Predictive, and Reliability centered Maintenance Practices
- Remote monitoring operations and big data for analyzing processes assets, and heavy equipmen

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government, and civil society, through advisory and consultative processes.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII engages closely with Government on policy issues and interfaces with thought leaders to enhance efficiency, competitiveness and business opportunities for Industry through a wide portfolio of specialized services and strategic global linkages.

As India completes 75 years of Independence in 2022, it must position itself for global leadership with a long-term vision for India@100 in 2047. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2022-23 as Beyond India@75: Competitiveness, Growth, Sustainability, Internationalisation has prioritized 7 action points under these 4 sub-themes that will catalyze the journey of the country towards the vision of India@100.

India's premier business association has around 9000 members, from the private as well as public sectors, and an indirect membership of over 300,000 enterprises from around 286 national and regional sectoral industry bodies. With 62 offices, including 10 Centres of Excellence in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian Industry and the international business community.
