Confederation of Indian Industry

PRINTING

A VIRTUAL CONFERENCE AND EXPO

25 - 27 February 2021 : CII HIVE - Virtual Platform

**EVOLUTION OF
3D PRINTING
IN SMART
MANUFACTURING**

India's manufacturing sector is growing and becoming the globally competitive. 3D Printing/ Additive Manufacturing is ushering the nation into an Industrial Revolution 4.0, offering immense potential that could revolutionize India's manufacturing and industrial production landscape through digital processes, communication, imaging, architecture and engineering that provide digital flexibility and efficiency.

The global scenario has drastically changed post COVID-19. It has made it even more important for organisations like CII to lead the initiatives for a critical sector such as Manufacturing. We aim to play a significant

role in bringing the Indian economy back on track with renewed efforts. The Manufacturing sector has a crucial role to play to improve and sustain the economy of any Nation. It is where R&D starts, where new technologies are developed, where scientists and engineers and others are challenged to develop new and better processes, products and technologies.

3D Printing is helping in Improving Capability, Flexibility and Value of Manufacturing Processes. Post COVID-19, the global 3D printing market size is estimated to grow from USD 11.4 billion in 2020 to USD 30.2 billion by 2025; it is expected to grow at a CAGR of 18% during 2019-2025.

India's National Strategy on Additive Manufacturing aims to create a conducive ecosystem for design, development and deployment, and to overcome technical and economic barriers for Global AM leaders to set up their operations with supporting ancillaries in India, facilitating development of the domestic market and enhancement of global market share.

With this inspiration, Confederation of Indian Industry (CII) is pleased to announce an exclusive Virtual Conference and Exhibition on 3D Printing and Additive Manufacturing from 25 to 27 February 2021 on HIVE - CII's virtual platform.

The theme of the Conference will be "Evolution of 3D Printing in Smart Manufacturing".

Key objectives

➤ Revolutionizing India's manufacturing and industrial production landscape

➤ Building capacities in additive manufacturing

➤ Bring together leading experts to showcase their experiences

3D Printing Expo 2021 is an exciting opportunity to showcase the new technology, the new products of your company, and/or the service your industry may offer to a large audience.

Advantage INDIA

Key Takeaways

Exposure to your target market

Lead generation

Puts your business in the spotlight

Shows attendees a glimpse into your business

Inexpensive way to market your business

Heightened visibility

Advertisement on social media

Exhibitor Profile

- **Machines, Equipment and Tools:**

➤ 3D Printers, 3D Scanners, Laser Machines for Model and Tool Making Machines for Rapid Prototyping, CT/MRT and Image Processing Machines, Surface Treatment/ Finishing/ Surface Deposits (Printing), Model and Mould Making Machine/ Technology, Service Bureau, Light Weight Construction & Micro Technology.

- **Software:**

➤ 3D Visualization, 3D Graphics and Modelling Software, CAD/ CAM Systems, CT/ MRT and Image Processing Systems, Digitalization Systems, Simulation Software, Virtual Reality (VR) Software.

- **Device for Measurement, Control, Verification:**

➤ 3 Dimensional Measuring Devices, Simulator, Laser Measurement Technology and Calibration, Optical Measuring Technology, Sensors, Measuring & Display Devices/ Systems & Testing Equipment.

- **Certification and Training**

- **Design and Product Development**

- **Manufacturing 4.0**

- **Materials**

- **Pre-Processing and Post-Treatment**

- **Qualification and Standardization**

Visitor Profile

Automotive and
Engineering

Architecture and
Construction

Healthcare
(Orthopedics, Dental)

Manufacturing
and Technology

Research and
Academia

Aerospace and
Defense

Consumer and
Electronics

IOT and
Smart Manufacturing

Art and Design

Plastic and
Metal Engineers

Jewellery

Stall Options

Types & Pricing of Stalls	For Domestic Participants (in INR / per Stall)*		For Overseas Participants (in USD / per Stall)*
	CII Members	Non-Members	
Standard	18000	20000	300
Premium	27000	30000	400

**Price per Stall and GST as applicable*

Sponsorship Avenues

Sponsorship Titles	Principal Sponsor	Principal Co-Sponsor	Associate Sponsor	Associate Co-Sponsor
Sponsorship Amount (INR)*	400000	300000	200000	100000

**GST as applicable*

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government and civil society, through advisory and consultative processes.

For 125 years, CII has been working on shaping India's development journey and, this year, more than ever before, it will continue to proactively transform Indian industry's engagement in national development.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with about 9100 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 288 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

With the Theme for 2020-21 as Building India for a New World: Lives, Livelihood, Growth, CII will work with Government and industry to bring back growth to the economy and mitigate the enormous human cost of the pandemic by protecting jobs and livelihoods.

With 68 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
