INDUSTRIAL MAINTENANCE EXPO

25 February - 24 March 2021

The overall technical and methodical scope of maintenance has changed over time. Today maintenance is not restricted to simply repair the equipment when it breaks, it also has influence on the sustainable development of society as it influences the environment, safety of personnel and facilities, energy efficiency and financial aspects.

To achieve better manufacturing growth, CII has been organizing Maintenance exhibitions since 2010 which are showcasing the latest products, technologies

and services of maintenance field in industrial clusters across India with a sustained approach.

With increased global competition for manufacturing, many companies are seeking ways to gain competitive advantages with respect to cost, service, quality, and on-time deliveries. The role that effective maintenance management plays in contributing to overall organizational productivity has received increased attention.

Exhibitor Profile

Engineering under Technology

Industrial Automation & Management

Logistics

Maintainanace tools & Equipments

Lubricants

Metal & Steel

Eneregy & Electricals

Big Data

Welding & Joining

Chemicals, Paints & Coating

Automobiles

Construction

Consultant & Service Provider

Educational Institutes

Cloud Computing

Internet-of-Things (IoT)

IMX 2021 Features

- Exhibition on Maintenance Sector
- Conference on Total Productivity Maintenance
- Conference on Corrosion
- Buyers Sellers Meet

IMX Focus Areas

- 1 Maximize Production Output
- 2 Improve Product Quality
- 3 Reduce Loss Production Caused by Failures
- 4 Reduce Repairs Parts Inventory
- 5 Operational Maintenance & Cost Optimisation
- 6 Ensure Process Reliability & Safety
- 7 Extend Operating Life of Plant & Machinery
- 8 Increase Energy Efficiency
- 9 IOT Application in Predictive Maintenance
- 10 Planned & Preventive Maintenance

Visitors Profile

Meet / Interact / Educate / Demonstrate & Conduct Business with Head of Engineering Service from Large Manufacturing Companies

- **Head of Service Department from Manufacturing Private & Public sector companies**
- **Maintenance Managers / Engineers / Consultants / Supervisors**
- **Shop Floor Managers / Supervisors**
- **Industrial Associations & Technical Institutes**
- **Government officials**
- **Dealers and Distributors of spares and accessories**
- **Auto, Railways, & Aero Industry**
- **Roads, Bridges and Construction Companies**
- **Defence and Marine**
- **Mining, Oil and Gas**

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government and civil society, through advisory and consultative processes.

For 125 years, CII has been working on shaping India's development journey and, this year, more than ever before, it will continue to proactively transform Indian industry's engagement in national development.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with about 9100 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 288 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

With the Theme for 2020-21 as Building India for a New World: Lives, Livelihood, Growth, CII will work with Government and industry to bring back growth to the economy and mitigate the enormous human cost of the pandemic by protecting jobs and livelihoods.

With 68 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
