

Confederation of Indian Industry
125 Years: 1895-2020

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895 and celebrating 125 years in 2020, India's premier business association has more than 9100 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 291 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

India is now set to become a US\$ 5 trillion economy in the next five years and Indian industry will remain the principal growth engine for achieving this target. With the theme for 2019-20 as 'Competitiveness of India Inc - India@75: Forging Ahead', CII will focus on five priority areas which would enable the country to stay on a solid growth track. These are - employment generation, rural-urban connect, energy security, environmental sustainability and governance.

With 68 offices, including 9 Centres of Excellence, in India, and 11 overseas offices in Australia, China, Egypt, France, Germany, Indonesia, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.

POST EVENT REPORT

CII Metal & Metallurgy

Confederation of Indian Industry (CII) organized the 4th Edition of Metal and Metallurgy Expo 2019—An International Exhibition and Conference from 3-5 February 2019 at Pragati Maidan, New Delhi.

The exhibition focused on the latest development in metal and metallurgical industry and provided an excellent platform for the Indian and international companies to showcase their state-of-the-art products and services.

India produces 95 minerals – 4 fuel-related minerals, 10 metallic minerals, 23 non-metallic minerals, 3 atomic minerals and 55 minor minerals,” said Shri Chaudhary Birender Singh, Hon'ble Minister of Steel, Government of India while giving the inaugural address at “Metals- The Foundation of a New India”, at the conference on Metal & Metallurgy in New Delhi coinciding with the Metal & Metallurgy Expo from 3-5 February, 2019.

Chaudhary Birender Singh also added that the Government of India has allowed 100 per cent Foreign Direct Investment (FDI) in the mining sector and exploration of metal and non-metal ores under the automatic route including diamond, gold, silver and precious ores, which, in turn, will propel growth in the sector.

While moderating the session on Growth Opportunities in Metal & Metallurgy Industry, Ms Rasika Chaube, Additional Secretary, Ministry of Steel, Government of India spoke about the Department of Logistics that is being added in the Steel Ministry to ease the logistic challenges of Industry. Ms Chaube said that SAIL and RINL have requested to form joint venture to provide hassle- free land to industry.

The Metal and Metallurgy expo showcased India's dominance in the metal and metallurgy space in the world. The exhibition focused on Steel production, Metal production, Mineral processing, Metal engineering, Copper production, Iron ore production etc.

There was participation from eminent companies and PSEs in the exhibition. The exhibition displayed different products and highlighted on the new launches of the company. The exhibitor list comprised of TATA Steel Limited, Hindalco, NALCO, TATA Metaliks, Jindal Steel and Power Limited, SAIL, NMDC, MSTC to name a few.

Among the displayed items were Aquanest -Water ATM & Modular Toilets from TATA Steel. They also displayed Pravesh Doors and Windows and Ultima Zinc coated re-bars at the exhibition.

MSTC displayed their E Rashtriya mandi - Online agri-marketing portal and MSTC metal mandi- online buying and selling platform.

Jindal Steel and Power limited highlighted on their 1080 head hardened metro rails. Under Make in India, they are the only private suppliers for Metro rails.

Mr Anand Sen, Co-Chairman, CII National Committee on Steel said that the industry believes there is a significant scope for new mining capacities in iron ore, bauxite and coal and considerable opportunities for future discoveries of subsurface deposits.

The exhibition deliberated on creating a roadmap for the growth of the metal and metallurgy sector thereby playing a key role in India's growth story. There were discussions on the partnerships and synergies that will ignite the next phase of growth for India's metal and metallurgy sector.
