

# **Clean Tech ENVIRONMENT**

**25 Feb - 26 Mar 2021**  
**CII HIVE Virtual Platform**

**Confederation of Indian Industry (CII)** has taken an initiative to host Clean Tech Environment 2021. The 2<sup>nd</sup> edition of “**Clean Tech Environment 2021**” is scheduled to be held from **25 Feb - 26 March 2021** on **CII HIVE Virtual Platform** concurrently with the CII flag ship event “International Engineering and Technology Fair” (IETF).

**Clean Tech Environment 2021** would be the global voice on the clean air, water & waste management and clean energy that are challenges for the country. The event will provide an excellent opportunity for governments, private sector, civil society, not-for-profit entities international organizations to come together and explore sustainable alternatives, innovative products, latest technologies and transfer of technology.

Environmental issues are one of the primary causes of disease, health issues, economic problems, global warming, greenhouse effect, unexpected climate change, long-term livelihood impact for India.

The Government of India has put a lot emphasis and has made some of the fastest progress in addressing its environmental issues and improving its environmental quality through its flagship mission like Swatch Bharat Abhiyan, Clean Ganga Mission and launch of India's first national air quality index.

## GLIMPSE OF PREVIOUS EDITIONS

## Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government and civil society, through advisory and consultative processes.

For 125 years, CII has been working on shaping India's development journey and, this year, more than ever before, it will continue to proactively transform Indian industry's engagement in national development.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with about 9100 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 288 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

With the Theme for 2020-21 as Building India for a New World: Lives, Livelihood, Growth, CII will work with Government and industry to bring back growth to the economy and mitigate the enormous human cost of the pandemic by protecting jobs and livelihoods.

With 68 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
